What i do all the time and it works is just have a least 1700 credits and buy a APC and a nuke. then rush your apc into the gaurd tower (the tower will NOT be able to kill you, i made it all the way to the powerplant while the gaurd tower was shooting) anyway get IN the tower and in the back left corner of the tower place your nuke and BOOM towers dead and some people around it..PS is you see some infantry.. run them over
