Hil play Battlezone 2, i dont know if any on here have played it, well i'm wondering how renegade compares, i havnt downed the demo yet ,but used to play red alert a lot a few years back,Well the clan i play with is looking into this one, as it seems similar to bz2. [www.the-rip.de](http://www.the-rip.de) Thinking that team tactics will work well in renegade, what do you guys think ?P.S. What clans are there in C&C
