um, lets see. where should i start with this stupid topic? i know! 1. MRLS are MEANT to have weak armor.2. Why would ANYONE buy a MRL and have no backup? Thats like sending in a Sydney Specialist by himself!3. You were probably facing some new n00b who had no idea how to steer the MRL, and you're just bragging about it now because you think you're all good now in the game. LOL.
