quote: You're not the person who decides what should be shared with who. Because something wasn't given to you and you want it, that means it was supposed to be given out to everyone? Do you ever read? When I was given the maps, the Mutant Lab was a part of it. When I was given the maps, I was instructed that I would have all the models and such given only to me, because they said I was the most dedicated to this game. So stop whining about it and stop trying to justify thievery. I reiterate: Because you want something doesn't mean it was meant to be shared. Blah blah blah more babbling from a childish mind. Guess I shouldn't expect more from a child though.
