Yeah there are tutorials on how to do this, but you explained it pretty well. Most of my basic knowlage came from Dante's Renhelp. I recommend using it because it has loads of tutorials and most of the questions you might need to ask on the forum are answered in it. It's basically a collection of tutorials from people. I would recommend you finding it if you need any futher help because i found it very helpful. [January 29, 2003, 14:08: Message edited by: General Havoc]
