I will make it.Here is what I had planned,-A Wild West CTF,-A Area 51 type secret base, with scrin,-A cnc mode tropical Chasm (almost done)-A cnc mode snow map with a bit of a forest.-A cnc mode map with a tight canyon connecting the bases, light base defense and a temple with manny tunnels.-A snowy city map.-A snowy map with a large tunnel connecting the bases, and a mountain pass to the tib feild. But what do you want me to work on, vote now.Area 51 would be cool. orWild West CTF would really rock.
