quote:Originally posted by Seagle:Why not?You could at least release the meshes for the mutant lab...I could, but I'm not going to.The reasons are simple: I haven't seen anyone dedicated enough to this game who would actually put them to good use.You show me some map maker(s) who have done more than like three maps which don't suck ass (AllGusto), and I'll release the Mutant Lab to the public. I refuse to release things that won't be used properly.
