quote:Originally posted by Beanyhead:Don't check hide for the whole thing, just your barriers; also, make sure your collision stuff is on.I did, the barriers are the only ones that are hidden. and I do Have my collisions set. but When I Enter Commando and Import the Terrain, everything is missing? all I can see is the Sun (lol). I try using Free Walk Mode and I land on Nothing. then I continually fall. [ January 03, 2003, 17:49: Message edited by: Griever89 ]
