Download "book tutorial.zip" from <http://dante.havocide.com/modX> --> Tutorials ---> book tutorial.zip  
Author: Chompy  
Object: To teach people how to use basic FFD (Free Form Deformation), and compound objects  
Required Knowledge: Basic knowledge of creating boxes within Gmax How to move objects around Basic understanding of how Gmax works  
Why this is needed: 1. So you can place an object inside another object and make a hole from this object.  
2. To deform any object by adding a FDD to it
