My neighbors formed a mob and I had to dismantle it. j/kl haven't, just bored an in a good mood. ;P I've made one, no cinder block, and that white plastic piping that's thick? Load it with hairspray and light a peice of paper, stick it in a small drilled whole and presto! We were aiming it upwards, but one time it sorta went alittle to horizontal. Flew about 150ft dount the street and hit a parked car. Ouch, it left a biigg mark. Later that night the cops came and took it away Said it was a pipe bomb, **** those pigs...
