Well let me fill you in; in warcraft 2 you have the ability to mine for ore in the water and have boat fights.How i got the sounds, there is a sound program called "SFXED95.EXE" that can be found within the warcraft 2 directory. All you have to do is open up the prorgam listen to the sound then extract them to a directory as a wav file. I also wanted to add in a apache/orca sound human : old guy : Ive got a flying machine , want me to fly ......im flying (sounds funnier when you listen to it)
