quote:Originally posted by Blazer:I want the radar/health/armor display GONE off the screen...also the weapon display if possible. How can I do this? I tried editing the hud_main.dds etc, and only suceeded in turning it black or white.I notice there is a registry key "SHOWHUD" but turning it off had no effect.Any ideas? Thanks.play with the dx alpha channel... i made it one time... nothing appeard   but i dont remeber wich one...
