lol, one of the weirdest flame threads i have read in a while.i remember the good old days when everyone just ganged up on dR.iGniwashmop whatever his name was and flamed the living crap out of him.that was fun, the standards in proper flaming has gone down the drain i think.nowadays it looks like its only the spammers and fanboys who think they can flame and the thing is that they can never agree on who to flame and they are doing it without any hard facts like it should be done with.Ack is one of those who know how to start a proper flamewar and win it.btw, i cant remember him loosing one either
