Are you saying that your too stupid to think of a comeback, so you make something up that isnt true.See, you just cannot understand that you're asking a question. Do you even know what you're writing? Or what 'you're' means?I find that doubtful.As for the 'include' comment, you obviously do not have much of a grasp of the English language if you think the word include was used improperly in that sentence I made. Why don't you go back to third grade, learn what 'you're' is, or just write out 'you are'? Oh, don't forget those question marks. Remember, an interrogative sentence is not ended with a period. It ends with a question mark, my mentally retarded enemy.
