Ummm, I have a firewall and I downloaded it. Heck, I even have cookies DISABLED! But, for some wierd reason, I got to download it and register easily. Maybe its my hacking skills. . . .
.NAH! (LOL kidding! Although Im learning C++ right now!)Hahaaahaaaaaaaha! Fooled you! (I am learning C++ not hacking!) Sorry. haheeha. Ahem, I am learning to use Commando Level Editor, I have an XCC mixer and Gmax.
