Hmmm...well,lets see here,im gonna look in my,uh,say what PC type do you have?if its windows,i can help ya.I have a book for windows 95,98,2000,WINDOWS ME(mellenium edition),uh,and i think windows xp.Anyhow,ill look in the windows 2000 book,it probly has everything thats in the 95 & 98 anyhow.Ok,lets see..... uh,well dang! IT ISNT HERE!crap! hmm,well you should go to like Buest Buy,or a Book Store and look for a Computer Book in the "ELECTRONICS" section,if there is one.The Best book you could buy is probly iether Windows 95 for Dummies,Windows 98 For Dummies,Windows 2000 For Dummies,Windows ME for dummies,or,if this is out,Windows XP for dummies.But,thats if you have one of the Windows Series computers.Oh,uh,i have windows XP just to let you kno-uh,i need to install an update for my computer.Oh,uh,in other words,i cant help ya...sorry...maybe try reinstalling C&C: Renegade over and choose FULL install,if you havnt chose that.but,if that doesnt work,i cant help ya.
