thankx ken =O)...now a couple things...#1...see those boxes on the side of the vehicle??? once its skinned u'll see more of what it is..but those are missile pods =O)...and those "tank-like-poles" are going to be rotatable machine guns..NOD will have a machine gun on the nose of the bike, but those will be either be weaker than the rifle of light infantry with unlimited ammo...OR..as strong with about 400-500 clips..once again if ANYONE WHO CAN MODEL good would'nt mind helping me make a NOD Cycle from Tiberian Sun i'd appreciate it =OD
