I don't care if it's an opinion, whether it's intelligent, or whatever else you can think of. What matters to me is that I can state it because I know Reborn sucks, and that's all there is to it.

And saying "If you don't have anything valuable to say, don't say anything." isn't that valuable, either. Why don't you take your own advice, the both of you, and shut the fuck up?
