SteppoKIRBY098Just another "look at me, I'm angry!" I-ACK-ey

ROFL! That's almost too funny to reply to!

I have no loyalties toward Ack, or any of the RenAlert team. I love it how people instantly assume that because I feel that Reborn is godawful, and the Deezer Studios team is a bunch of common thieves, that I'm instantly some sort of RenAlert fanboy.

Tell me, is there any post, anywhere, that I made that explains an unhealthy attraction towards the RenAlert mod? Perhaps some sort of blind profession of loyalty and faith towards Aircraftkiller or any of his team members? No? I didn't think so.

Don't start running your mouth about stuff that you don't have a clue about.  
From Renalert public forums:

"Steppo is quite honestly the king of online comedy. He is the man. That rant was hilarious, and still is." AircraftKiller

" 1.) If Aircraftkiller is responsible for Armageddon, then I claim the apocalypse. Cuz NOBODY causes death and destruction like me."

"Note: That was my Rant that Aircraftkiller quoted. That's right. The entire post. It says so up top... and in the damn title. "

"Excellent job, Aircraftkiller."

"And then Aircraftkiller, in all his modding might and glory, wrought apocalypse upon this thread, and then shoved it in the Garbage Can.

The End. "

"After my original Anti-Reborn post flurry, made about three to four months ago (Which has been said, by many, to spark the original RenAlert/Reborn war), the time has come to observe the progressions of each mod."

SteppoI'm not really banking much on the previous releases of Renalert... or ANY release for that matter. Simply having to point out that RenAlert installs properly and Reborn does not is bad enough.

I don't play RenAlert, really. So i can't make TOO much of a comparison. I play when Ack asks me to... but that's about it.

All my hopes resided on Reborn. But as it stands, they failed miserably.

No affiliation, eh?

Care to retort? I couldn't help but notice that Ack is the only one laughing at your self indulgence in that log, which you made sure to leave in. You are just another on a long list of boot licking I-ACK-eyes.
