j_ball430mahkraj_ball430To write as best as you can, do not have a preposition at the end of a sentence. Actually, a preposition at the end of a sentence isn't really all that bad. I didn't say it was all that bad, but to look more professional it's better to not get yourself into that habit. Especially for an English grammar and composition test. Yeah, I know... I just wanted an excuse to mention that Winston Churchill quote because I think it's funny.
