Carlnot to back up what anyone did.

but saying 'france' vandalized the statue is ludicrous. your topic title makes it sound as if all of france supported the vandals.

No one said 'France' did it. The topic doesn't state that 'France' did it, it states that the liberty statue & 9/11 plaque in France were vandalized. You did a good job of reading the topic.
:rolleyes:

(It's like saying: "K-Mart: Electronics Section destroyed", Now does that mean K-Mart destroyed their Electronics Section, or that K-Mart is the department store at which an Electronics Section has been destroyed?)
