zunnieI will add these very soon, been busy on the site and stuff.
xptek helped me with this but i havent seen him on msn for some time.

[zunnie]

ahh cool, he made a m01.mix for me... its pretty cool.. but thier needs to be some kind of objective...

Thier is also ctf type mode in the latest scripts.dll maybe it could be ctf could be based off that.

Also, I was thinking of something like having 6 beacon peds around the map, which ever team successfully 4 wins the round...
