SuperFlyingEngilf France does hate the U.S., it's only because the U.S. hated France first. Y'know what seriously cracks me up? Back when France disagreeing with the US was just starting to be a hot issue, I kept seeing patriotic pictures of the Statue of Liberty all over the place.

If those were supposed to make people more firm in their beliefs that the US was right and France was wrong, that's just ridiculous.

(For those who may not know, I say this because the Statue of Liberty was a gift from France.)
