SEAL, I find "a*k" offensive because of the way it gets used quite often. "a*k a*k im coughing something up oh its just him again," etc... I have a nickname for a reason, and if you type "a*k" it just auto-completes it for you.

I find it offensive anytime anyone calls Reborn "Rebarn," and the way it gets used quite often. "Rebarn this, Rebarn that." ... It has a name for a reason, and you should use that.

Since crimson put this filter in; and not just a filter for you, but a filter for everyone, whether they want it or not, I feel she should put one in that will make "Rebarn" appear as "Reborn" and "Reb?rn sucks" as "Reborn rocks."

mmmm ... hypocricy. Grow a dick. (Or are you gonna have her put in a filter that turns that into "It's ok to be a pussy." ?)

EDIT: Fixing my fucktardedness/lysdexia.
