xaltergoi had 6 points and 2 kills but if you look at the guy who killed them looks to me to be a \$500 sniper ...(oh my bad head shots dont count) so next time you decide to blame somebody for cheating you really need more evidence then a ss of 6 points and 2 dead guys

it looks to me like the maps just started

1 player still loading

350 credits and few points and assuming a 40 min game theres only 34 seconds gone

so xaltergo how the hell did you afford a \$500 sniper that fast

p.s my bad 45 min game (just checked) so that would give you time to grab a box or 2
