Everything looks good. altho the gun is flipped like Sir Phoenixx said.

The shell ejection, fire mode should be on the other side. everything looks pretty good other than that.

This is just my opinion but, i have a feeling Vengeance is just another one of those mods that isnt going to go far. i havnt heard from them in ages untill today, and i havnt seen anything from them that looks promising other than this AK. But thats just my opinion. (BTW im not tring to flame)

If you guys think you can make a succesful hit than go for it!

Good job Nightcrawler
