I highly recommend that everyone never listen to ACK's opinion on Reborn again. All he's trying to do is get the community to start hating. I mean, signing on the IRC channel that talks with RenAlert and introducing himself with the phrase, "Reborn Sucks." Is everyone else blind to the hate propaganda ACK is dishing out the community? As Mugatu from Zoolander so accurately states, "I feel like I'm taking crazy pills!" No matter what the Reborn team trots out, it's always "shit", and whenever they announce something, "Oh, I just know it's going to be terrible!" This isn't how communities work. This is how monarchies work, with one man dishing out opinions and everyone hearing and believing it, no matter how stupid or unbelievable. And last I checked, ACK hasn't been a moderator of these forums for a long while, and in my opinion that's a damn good thing!

Stop hating mods and start believing in them!
