For those of you that don't want to install Renegade all over again to play RenAlert, here is the WOLData.key file you need. . . I have the WOLData.key up on my server now . . . Hope this helps you out, I still haven't been able to play online http://www.egmods.com/DownLoadFiles/RenAlert/misc/ It's in there. . . Umm . . . again, anyone using my server, if you can please go to my main site by going here http://egames.servegame.com and please click the Google ads (NOT The image) at the bottom, THX! Thank You so much if you do that.
