Alkaline265.00 GBP United Kingdom Pounds = 484.102 USD United States Dollars

<http://www.xe.com> :rolleyes:

Well, duh. On shipping to the UK, we get an extra 17.5% added, as well as import duty and whatever costs that Customs and Excise feel slapping on it.

If I lived in the US, and was free from such draconian charges, it would cost me only \$299

Quote:also where the link for this product?

ATI's website. I get a 40% discount.
