RenxThe logic behind getting a ramjet when the other team has no barracks/HoN, is no better than cheating itself. Yes but that's the logic behind it. :rolleyes:

In game it just means your team sucks, because they lost the barracks and now you've gotta die like 50 times as a punishment....

You can't lose the Barracks and then complain about lame ramjets/n00bjets, it's the same as with the Weapons Factory and not being able to buy vehicles, or even the Refinery and not getting credits.. Don't expect to be just as strong as the other team when you're a building behind, especially the Barracks. No Barracks - no advanced infantry units (which has its "own-by-n00bjets-too-fast" downside...deal with it)
