Meh, idiocy and theivery, though they often coincide, have no definite correlation. What really amazes me is that when this Nightcrawler came out of nowhere and instantly procured one of the best weapon models this community has ever seen, no one on his 'team' questioned his alleged talent. (Thats the idiocy end of things - everyone on the Deezer staff epitomizing ignorance and naivite by not questioning that which is obviously too-good-to-be-true).
