Then take it that way and stop trying to make a big issue out of something that you admittedly care little for."

I am. But you aren't. You shouldn't, and nor should anyone else. The poll is retarded because you caused it to be biased. I care little for the poll; that is correct. But I what I do "care" for is people being misguided and thinking that RenAlert is the only thing out there C&C related that's worth playing.
