GunVixenOh.. and NeoX, I've been treated with kindness by everyone so far, so I don't exactly know what you're talking about but maybe you should take icedog90's, j4s[p]'s, and z310's advice. ^_^ I know I haven't been here as nearly long as you have, so I can't really say you're wrong, but we'll see.

You've only made 4 posts, but I don't like you. No-one gives a flying fox about introduction posts, especially those on an official forum. this isn't something like, say, ugin.net with a closer-knit community. it's another training program designed to teach you one thing...if you aren't one of us, you're one of them. err wait, that would be the matrix.

If any other newbie happens to be reading this in a blue moon (or even a red moon), please don't make an introduction post because no-one gives a fox who you are or the fact that you've just joined the community.
