DethdeathI've had this once and killed half the server with it (16 out of 32 players). It happened when I got stuck in the wall of the barracks somehow and threw my timed C4. After I had thrown the C4, I wasn't stuck anymore and waited for my C4, it was the loudest boink I had ever heard

Everyone thought I was cheating

Same happened to me but i chucked it when i was infinitely falling to kill myself Took em down with me
