It's unsurprising that he condones stuff like that when he also condones the killing of another human being...

Nodbugger, your entire string of arguments seem to rest on the premis that "If you're not caught, it's totally legal to do it".

The hell it is. And once you acknowledge this fact, you'll be a lot better off.

Quote:When the entire UN knows we are doing something and they don't do anything there is no problem.

Perhaps the most stupid statement ever, as taken apart by plenty others before me.

If you just accepted that inaction != apathy, you wouldn't feel the need to post stupid remarks like that.
