SEALaircraftkiller, I was really trying to point out the irony of you condemning people who don't need/have a good education, and using a non existing word in the process. Leave it to you to start getting all fussy about it and make such a big deal.

Far be it from me to defend ACK, but guess what, Seal ... you're an idiot.

It's a fucking typo. He didn't say "misunderestimated" or make up a word like that; he missed the space bar. Big fucking deal; get over it.

Phoenix:

Bush was elected to lead the country as best he could. If he feels that his "Judeo-Christian ideals" are what's best for the country, then he's just doing his job. Nothing oppresive or facist about it. He's not forcing you to convert to anything; he's just applying what he believes about the world to his job.

And if the American people don't like it, well ... that's why we hold election every four years rather than electing presidents for life.
