Remember, if you have trouble accessing <http://www.renalert.com>, we have alternate paths that will get you here:

<http://www.renalert.com>

<http://www.renegadealert.com> -coming soon

<http://www.renalert.org>

<http://www.renalert.net>

<http://dynamic6.gamespy.com/~renalert/>

It DID have it in that news post until you edited it out so you wouldn't look bad. :rolleyes:

Yea me and Beanyhead caught your sad attempt at looking like the helpless victims.
