spreegemWhere are the reference image for that? It doesn't really look that good though. . . The base part, where the legs are looks cool, but everything above that doesn't look so good. I don't know why really, the guns just look like cones, the waist is some cylinders that decrease in size, and the thing above it's head just looks wierd.

I agree.

Also, another good thing is nothing on it looks a little bit like plastic now.

The face kind of reminds me of Doom 3... lol.
