Well, I don't think too many people will argue against terrorists being bad. Although "Killed hundreds over the years in Israel" and "Killed hundreds of U.S. Soldiers in Iraq" are dumb to mention. U.S. Soldiers were casualties of war and of course they would attack us if we are attacking them. Palestinian terrorists, while still doing horrible acts, at least have a reasonable cause that they are fighting for. I would be pissed too if a huge group of people took over where you used to live just because it says so in some book you don't even believe in.
