My first was ra in the philippines in a computer cafe, two years later i picked up ra2, then yuri's rev, [barrowed]tibsun (thought it sucked, and was too hard), renegade(it got realy stressful when the cheats came in{too many people acusing me of cheating...}), generals, zero hour. Generals was a great game, the C&C thing made it look bad, but ironicy it was the only reson i got the game.
