YSLMuffinsI remember that movie. Wasn't it on the Firestorm CD, just not in the .mix files? I remember two movies, the juggernaut one, and this one...

It wasn't on the CD at all.

The CD has 2 unused movies: Juggernaut and ragdoll.

Juggernaut is probably used for the mission where you have to guide the infected cyborg to Cabal's base.

Ragdoll is a lose movie for mission GDI three where you have to protect and evacuate the civilians.
