ScampRenardin6so true... But ack with his will to have a payback on the old reborn team became an ass with me... I was for peace, he became a shit with me... It's only his fault. I wasn't in Reborn team when the shit started... He doesn't understand that. The only members that are from old team are DarkOmen (who don't lose time with this shit) and Kalle Bowo. Kalle Bowo that ack tried to recruit and told him how much talent he has... So on the back, Ack loves Reborn. He try to get our members... He thinks that I don't know how he got that screenie about the thread with aod... I know sanada gave it to you... He told me he did and didn't liked what you did... And I even know more about ack... really more But I don't act like him.

That's my point, I want peace and will still call you dumbass...

Why ? Maybe because I am like Kerry like you say... I want peace with all, but I will piss on you until you start showing good will. I already did my part and I won't lick your ass for that peace. Now show me your good will and I will try to think again about you my little hairy girl.

(Jesus, I love this forum, here I can open my big mouth)

You're starting to sound like an idiot.

Starting? Meh...I guess I could agree, but I could very well disagree. Like when he said he wasn't going to take any advice from people and he was going to leave his texture alone...arrogance.
