Yeah, sort of like you. Coming out of nowhere to post your drivel as if you had anything meaningful or intelligent to contribute to a conversation! Who would have known, much less thought, that Maijin Vegeta would return here again to let everyone know that he had nothing to contribute? I thank you for your selfless actions of letting everyone know just why we shouldn't read anything you write for fear of losing a few IQ points in the process.

Thank you, have a nice day!
