Quote:It's fast to type out, and effective. "ACK."

It's also wrong.

Quote:1. I thought it wasn't supposed to be a chat room?

That's pertaining to long conversations, champ.

Quote:2. The number 1 reason for other people going "Reborn sucks" too is most likely because you and other people say it all the time, people don't know what Reborn is so they just join the bandwagon.

Actually, it's likely that they played Reborn and know it sucks. It's more than likely, it's the most plausible explanation.

Quote:Well Aircraftkiller, the first release of RenAlert sucked too, it got better. This is only the first release of Reborn. RenAlert got better. We gave RenAlert a second chance, but you can't give Reborn a second chance.

Uhh, I don't care about "chances," what I care about is doing things and proving that you're going to make your work better. We have done so. In the time it took Reborn to release one beta test that had almost every problem known to man, we've finished several patches and have redone almost everything in that time frame. Unlike Reborn, we produce good results and we do it quickly.
