icedog90Weirdoicedog90I can't read it, you compressed it way too damn much. I forgot how to uncompress images.

It's dutch, so I wish you goodluck anyways even if it wasn't compressed.

I take German at school. Also, there is something else called an online translator.

Ok I didn't know, but still when you want to translate a language, you first have to know in what language the source was written. And dutch and german are just as different as french and spanisch.

Edit: I still want to know, why you responded to him with a lol. I don't take you very seriously.
