Quote:You could try telling them how to improve stuff, instead of just labelling it "Shit". Or you could just not comment on it, as all you'll do is say "It looks like plastic/concrete" (when it has a texture).

I could, but I won't. Maybe you could do it, instead. You know, to avoid being a hypocrite.

I'm not talking about the exact detail of the dog picture and the shit model. I'm talking about the stance (LIKE I SAID, RETARD, LEARN TO READ) and the overall design of it. Too much artistic "liberty", not enough Tiberian Sun. Like always with Reborn.

It stands too firm, too much like a dog at attention does. It does not stand like a walking vehicle would, and should. It's like that gay looking Star Wars thing, the "ATAT" or whatever the fuck they called it.
