Subject: Renegade points, kills and PM's?
Posted by ghostSWT on Sun, 26 Sep 2004 19:24:05 GMT

EnglandThe-pits runs something like this:

(22:32:48) (@GameBot) >> Score Jump: cyanidedd : 300

etc...

WOW that helps a lot, o wait no it doesn't help me a single bit. The-pits is a server i know that it can be done from the server side.

 I'M LOOKING FOR THE SAME THING BUT IN CLIENT SIDE.
