If you think you can manage to try something over and over and over and over again until you get it right, and you have a steady hand, try this game:

<http://www.kmb.com.hk/chi/wonder/finaleasy0110.swf>

The idea is to move the dude that hangs from the mouse pointer to the finish without touching walls or obstacles. Good luck. You'll need it.

(The window takes a moment to load, be patient)
