TraingyeLOL.

Anyway that "intellegent" comment by Nodbugger there reminded me of something. Is it just me or do conservitive do more flameing overall? For example I was in the 5th hour class last week and the person asked me if I was a demecrate. I said yes and they he said "you basterd".

intellegent=intelligent

conservitive=Conservative

flameing=flaming

demecrate=Democrat

basterd=Bastard

Looks like Democrats can't spell for shit.
