AircraftkillerThere's a saying for people like you. "Don't throw stones in glass houses without proper protection."

Lol, get a life. Have you been trying to think of that all night? or did you make it up? i don't care where you get it from, it sounds crap. No one in a right state of mind would say a stupid thing like that.

want me to STFU? why don't you show me how it's done.
